

Stormboard Collaboration Manual

- **Share button**

Stormboard educators plan allow the teachers to invite unlimited users to collaborate. To share a Stormboard for collaboration with other users there is a 'Share' button in the toolbar at the bottom of the board, as shown in figure 1

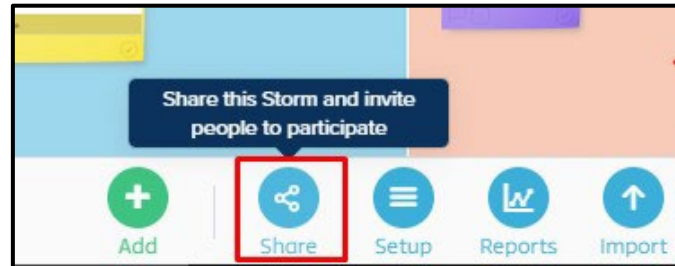

Figure 1

The toolbar also displays the list of the names with whom the board is shared for collaboration, it is shown in figure 2

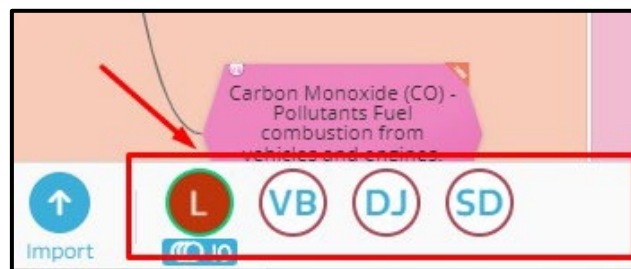

Figure 2

- **Share via Link**

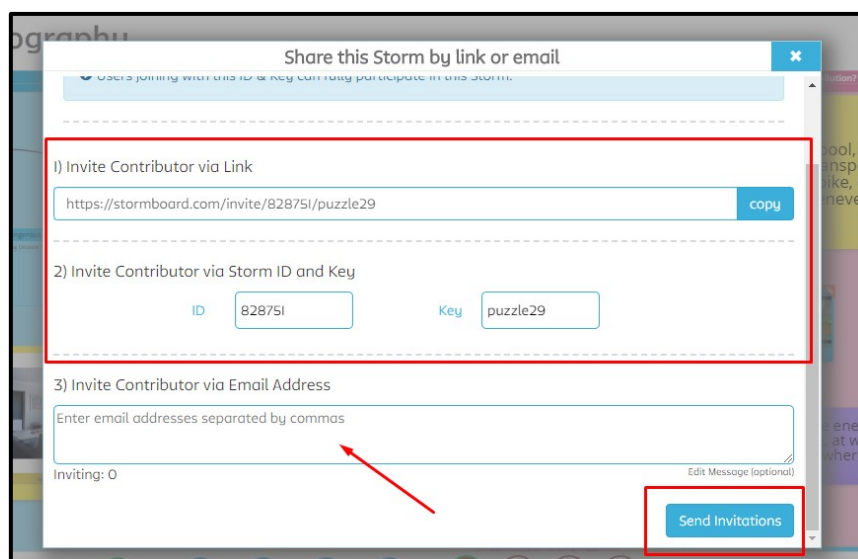

Figure 3

To share the board using link click on the 'Share' button. A dialog box will appear (as shown in figure 3). Go to 'Invite Contributor via Link' and Click on 'copy' next to the link bar to copy the link, paste this link in your mail and send it to the others users to collaborate.

- **Share via Storm ID**

To share the board using Storm ID, go to 'Invite Contributor via Storm ID and Key' in the share dialog box (figure 3). Copy the Storm ID and Key and paste it in a mail or message and send it to other users.

To enter the board the users have to click on 'Join a Storm' on their dashboard (figure 4) and enter the Storm ID and Key in the space given (shown in figure 5). Click on 'Join Storm' to join the board.
