Online & Blended Learning in light of NEP 2020

The Indian Higher Education was characterized for many years with teacher-centred face to face pedagogy. With the advent of new technology tools, the process started changing. The National Education Policy 2020 envisions to transform higher education system with many new ideas and one of it is using Online and Blended modes in day to day teaching learning process. It is therefore imperative to understand importance of moving from teacher-determined classroom to more open, collaborative, cooperative, ICT integrated blended and online mode. The NEP states .. "Further, unless online education is blended with experiential and activity-based learning, it will tend to become a screen-based education with limited focus on the social, affective and psychomotor dimensions of learning".

NEP-2020 recommends identification of different effective models of blended learning for appropriate replication for different subjects. It also recommends using online mode for Vocational courses. It envisions development of online communities for shared interests, enriching the teaching-learning process with online resources and collaborations. ODL and online education provide a natural path to increase access to quality higher education.

The teacher must know how to blend online learning and face to face and make the process of learning more participative for the learners. This workshop plans to introduce the participants to various tools, models, processes of blended learning and online learning.

Objectives

After the workshop, the participants will...

- > Define Blended Learning in light of NEP 2020
- > Identify OER for online and blended learning
- > Integrate engaging ICT tools to make Online Learning interactive
- > Plan innovative In-class activities for Blended mode
- > Use ICT integrated Pedagogies for Blended Environments

Who can participate?

- > Faculty Members from any discipline currently working full-time in higher education institutions
- > Research scholars of doctoral studies
- > Possessing desktop or laptop with good internet connectivity at home

Participate

- in synchronous Online sessions: 5:30 - 7:30 PM

Practice

- ICT tools based on demo sessions & eResources

Attempt

- quizzes based on the practice of the previous day's content

Submit

- main assignment within a week after the FDP

Acquire

- certificate for minimum 50% total score (Recognised for CAS)

Pandit Madan Mohan Malaviya National Mission for Teacher and Teaching

(PMMMNMTT – MOE)

The PMMMNMTT is a Central Sector Scheme with All-India coverage. One of the important goals of the Mission is to empower teachers and faculty during through training, re-training, refresher and orientation programmes in generic skills, pedagogic skills, discipline specific content upgradation, ICT and technology enabled training and other appropriate interventions.

The Department of Educational Technology, SNDTWU was awarded Teaching Learning Centre (TLC) under the PMMMNMTT in December 2017. All FDP programmes of TLC are highly appreciated and recommended by participants across the country. Several participants claim that TLC of SNDTWU have transformed them into an effective teacher integrating ICTs with ease in learner-centred teaching-learning and evaluation activities.

SNDT Women's University

SNDT Women's University is a 105-year-old women's university established by the well-known social reformer, Maharshi Dr. Dhondo Keshav Karve, which is the first women's university in South-East Asia.

In a century of its existence, its enrolment has increased from 5 women who graduated in the first batch to more than 40000+ women students enrolled in 190+ affiliated colleges in 7 states of India, 40 post-graduate departments, 13 institutions conducted by the university and 2 centres in its three campuses.

The university is accredited with Grade A by NAAC in 2016.

Presently, the University offers 40+ UG, 55+ PG, 65+ Ph.D., several PG Diploma and Diploma programmes.

Department of Educational Technology

Department of Educational Technology (DET) was established with substantial financial support from the UGC in the year 1973. DET offers a Master programme (M.A./M.Sc. eLearning), as well as Ph.D. Programme in Educational Technology. It also offers 4-credit Online Courses in the relevant fields.

Apart from offering these programmes, DET conducts research, undertakes development activities. DET has so far developed eContent of about 600 learning hours in collaboration with Maharashtra Knowledge Corporation Ltd. (MKCL), Community Aid and Sponsorship Programme (CASP, an International NGO), Central Institute of Educational Technology (CIET-NCERT), State Institute of Educational Technology (SIET), Maharashtra, MOE, UGC, etc.

DET is actively involved in training of faculty in higher education for more than two decades.
